REMARKS

A Restriction Requirement under 35 U.S.C. §121 was mailed to the Applicant on June 30, 2006 asserting that claims 1-72 are directed to multiple inventions. In response to the Restriction Requirement, the Applicant hereby elects Invention Group I including claims 1-29, without traverse.

The also was a species election requirement between Species I (Figs. 1, 2) and Species II (Figs. 11 and 12.) Applicants hereby elect Species I of Figs. 1, 2 without traverse. Of the elected claims 1-29, it is believed that at least claim 1 is generic and that at least claims 1-4 and 9-29 read on the elected species. Applicants do not intend nor should the scope of the claims be limited in any way the election of the invention group and species, and the claims in the present application should be given their full scope permitted by their language.

Further consideration of the present application in view of the foregoing election is respectfully requested.

Respectfully submitted,

By:
